

INTERNATIONAL SYMPOSIUM FOR EQUINE WELFARE AND WELLNESS

in equine assisted / facilitated therapy and learning programs

July 11-13, 2017 | Wartenberg-Rohrbach, Germany

Come join us as we explore the role, contributions and needs of horses in equine interaction programs, as well as the impact the work has on these sentient beings, with the intention of improving their safety, care and well-being through ethics, science, compassionate inquiry and interdisciplinary collaboration.

A diverse range of speakers around the world, including individuals trained in or associated with the following organizations or approaches, are coming together, united in their passion as equine advocates:

**EPONAQUEST* | NATURAL LIFEMANSHIP* | HEAL*
TTOUCH* | HORSE DREAM* | LEARNING ANIMALS*
EAGALA | EAHA | TAAC | LEAP
PSYCHODYNAMIC EQUINE-ASSISTED TRAUMA THERAPY*
INTEGRATIVE EQUINE-FACILITATED WELLNESS
EQUUSOMA EQUINE-FACILITATED TRAUMA THERAPY***

Attendees will be introduced to ideas and perspectives drawn from equine cognitive science, trauma neurobiology and psychophysiology, affective neuroscience, ethology, bodywork and groundwork modalities, zooanthropology, as well as from selected* equine-assisted/facilitated approaches. For a complete listing of presenters and topics, as well as updated registration, venue, accommodations and travel information, please visit the website.

REGISTRATION INFORMATION

Early Bird Rate: € 235 per person

Regular Rate: € 275 per person (April 1 onwards)
Includes refreshments, lunch and dinner

The symposium will be held at the picturesque hotel **Mühle am Schlossberg**, 75 minutes SW of Frankfurt, a historical mill dating back to the 16th century converted into a boutique art hotel that is proud to be part of the local organic, slow food movement.
